

Zentai Living - Futon 24 Month Limited Warranty

Your new Zentai Living All-Cotton or Foam Core Futon mattress is covered by a 24 month limited warranty. This limited mattress warranty gives you specific legal rights. You may also have other rights under the consumer guarantee requirements of the Australian Consumer Law.

Products Covered

This limited mattress warranty extends to all futon mattresses manufactured by Zentai Living and purchased directly from Zentai Living.

The cotton and wool natural fibres used in Zentai's futons will compact with use and are also more vulnerable to environmental conditions. Futon mattresses require regular drying by placing them in full sunlight or using a dehumidifier. If the futon is not maintained regularly, moisture in the mattress might build up and mould may develop.

Our futon mattresses are designed to work on a firm and solid bed frame that is structurally capable of supporting the mattress and the user(s). Alternatively, Zentai's tatami mats are recommended if you would like to use your futon on the floor. This futon mattress warranty does not cover your product if it is used in a manner that is not compatible with the intended design.

All-Cotton Futons:

Zentai's Traditional All-Cotton Futons can not be used on a slatted bed frame. Doing so will void all warranties. They must be used on a flat, solid surface. Tatami mats or Zentai's Haiku tatami bed frames are a good option. Futons placed directly on the floor do not receive adequate ventilation and are more susceptible to mould. As a result, maintenance needs to be more regular with futons placed on the floor.

Foam Core Futons:

Zentai's Foam Core Futons can be used on a slatted bed frame. This is a good option as it provides good ventilation for the mattress. The bed frame must provide flat, even support. Slats must be no more than 10cm apart (7cm is recommended).

Who this Warranty Extends to?

This limited futon mattress warranty extends to the original purchaser of the mattress only. All warranties are only valid for the period of time the original purchaser is the owner of the mattress. Please retain a copy of your receipt as proof of purchase.

Zentai Living's Limited Mattress Warranty and Responsibilities

Zentai Living warrants the futon mattress against defects in material and workmanship set forth below for a period of 24 months from the time of purchase by you. The futon mattress must be used for its intended purposes and on a bed frame that is structurally capable of supporting the mattress and users.

What will Zentai Living do?

If any component in the futon mattress should wear out prematurely during the warranty period, we will, upon inspection, repair or replace that component for you accordingly. Zentai Living reserves the right to substitute material or product of equal or higher quality. Repair or replacement does not constitute the beginning of a new limited warranty period, nor does it extend the original period of limited warranty.

This Warranty excludes: (a) minor imperfections and slight cosmetic flaws; (b) normal wear and tear; (c) tears, stains, soiling, burns, and discoloration that occur over time; (d) dampness or mould; (e) firmness preference or a change in comfort; (f) sagging or body impressions of any dimension if the mattress is not supported by a solid platform or a foundation equivalent to what is offered by Zentai Living; normal body impressions, which may vary with body weight; (g) allergies and sensitivities; (h) naturally occurring cotton, wool, or latex aromas; and (i) Products that are purchased from second hand parties, sold as promotional items, giveaways, "as is," or "floor models."

In addition, this Warranty does not cover conditions resulting from abusive handling, misuse, or neglect, and the following, if found upon inspection, will void your Warranty: (a) damage of the mattress or foundation due to misuse or abuse; (b) any unsanitary condition; (c) burns; (d) improper or inadequate return packaging; (e) improper bed frame; (f) jumping on the Product; (g) attempting to clean the Product in an inappropriate manner; and (h) improper storage of the Product.

Please note that the use of cleaning fluids may damage the fabric and materials in your futon mattress. Allowing water or other liquids to penetrate your mattress may damage the layers, causing materials to compress. As such, we strongly recommend that your sleep system be protected with a mattress protector to ensure that your mattress remains in a clean and hygienic condition throughout its natural lifetime.
